# Hello I am Roshni

I am a Harrow, London based wedding photographer. Born in Germany and brought up in India. I have been living in the UK for past 15 years and I have embraced and adapted the culture here but deep down I am still deeply in love with India.

# THE MOMENTS

Wedding day is the most important day and more important are these in between moments. You both can get away for a little while, catch a breath and take it all in!

I love to capture these emotions, my style is mostly documentary as you cannot fake any emotion on the day. I love taking portraits to which can be directed or you can just do your own thing!

I like to stay out of your way and observe as the day unfolds, making sure all your important moments are captured!

# ENGAGEMENT SHOOTS

Engagement shoots are the best way to get to know each other. I love to get the feel of the chemistry between my couples and gives me an idea of how to pose on the wedding day! My full day packages covers the engagement or pre-wedding shoot.

# FAQS

## I AM NOT VERY GOOD IN FRONT OF THE CAMERA!

I get this all the times, even I am not to be completely honest. The pre-wedding shoot is perfect way to find out what works for you and ease in front of the camera,

## HOW LONG IS THE FULL DAY PACKAGE?

I offer the full day coverage, starting from when you are getting ready to your first dance. In between I cover the ceremony, portraits, document the day, speeches, cake cutting and much more.

## WHEN DO I RECEIVE THE IMAGES

The images are delivered between 4 to 6 weeks after the wedding is covered. This is a safe timescale depending on my schedule and want to give your images as much care and attention they require.

## DO YOU HAVE A BACK UP?

Always! , I carry two cameras and an extra kit. Also I am full insured!

## I AM READY TO BOOK

That is so amazing! Thank you! To book a non refundable 25% of the full price needs to be paid to secure the date. The remainder will need to be paid 6 weeks before the wedding and that is all!

## DO YOU COVER FAMILY PORTRAITS?

Of course I do, I recommend to do groups shots of immediate friends and family to keep is short. This help us cover all the important parts of the day. I usually set out 40 minute for portraits which covers couples portraits and family portraits without taking up all your time. Making a list of group shot in 6-8 member helps to keep it short and sweet. My style is very much documentary which means I can get lots of natural shot of your guest enjoying the day.

## DO WE NEED A SECOND PHOTOGRAPHER

I tend to work on my own majority of the time. You will need a second photographer to help cover the getting ready shots of both couples side and document anything that I cannot when I am shooting the couples. I can arrange for a second shooter on request for an additional fee.
